

Chimney Challenge!

Would you like to:

- Brag to your friends that you've cycled up the steepest proper road in Britain without putting your foot down?
- Battle heroically with the 33% maximum slopes and cruel hairpins?
- Experience ~~excruciating~~ enjoyable pain or your money back. (just kidding we wouldn't actually charge you for this!)
- Laugh in the face of adversity?

Yes?

Great! Then join us for the first of our Chimney Challenges on Sunday 10th May. All are welcome though we are ideally pitching this at people who've never done it, tried it and been defeated, don't know where it is or have read about it and live in fear of ever stumbling upon it.

The full horrors of the Chimney, is it as bad as it looks, well yes sort of ☺

The plan is to meet up in Great Ayton at 10am and make our way to the foot of the climb expending as little energy as possible. Then support or laugh at each other as we make our efforts, the choice is yours? Enjoy a café stop to bask in the glory or commiserate with those that toppled over.

All in all it's about having a bit of a laugh while we do it and get as far up the beast as we can. Certificates for those that get to the top!

See you there
